Week 2, Term 3 Monday 21st July, 2014

Principal’s Report
Congratulations to our newly elected SRC Class Representatives for Semester 2 who had their badge presentation and induction at last week’s assembly.

Semester 2 SRC
Kinder: Codi Bowden,
Year 1/2C: Rory Murdoch,
Year 1/2PM: Cooper Adkins,
Year 3/4: Jai Nolan,
Year 4/5: Joel Brown and
Year 5/6: Coleby Hellyer-Maud.

Parents are reminded to please let the school know of any changes to routines or who is picking up your child. This saves any confusion, especially at the busy go home time, when it can get quiet hectic.

Also please do not call your child from across the road, when picking them up. Children of primary school age focus on the task in front of them – you; and often not other things – traffic. Teachers will cross children, when it is safe to do so, at the bottom gate on Hughes St or at the top of Hay St.

The well-being of your child is of the highest priority to us all.

John Francis, Principal

Thought for the day:
A tree that reaches past your embrace grows from one small seed.
A structure over nine stories high begins with a handful of earth.
A journey of a thousand miles starts with a single step. ~TAO 64

THIS WEEK IN THE KITCHEN GARDEN

THIS WEEK’S MENU
Our wonderful menu for this week makes use of the excellent crops of cauliflower and spinach that the children have grown in the garden. To warm us up we will start with Cauliflower Cheese Soup with Spinach Pinwheels. These will be followed by Vegetable and Barley Orzotto and Pumpkin Hotcakes. We are also going to make St Clements Squash, a drink using a mixture of oranges and lemons. If you would like to share these delicious meals with the children each week, why not consider volunteering in the kitchen. Ring the school or see Tracy or myself for more information.

NEW GARDEN CLASS TIMETABLE
A reminder that our garden classes have changed times due to the reshuffling of the school timetable. Year 5/6 continue to come on Monday afternoons from 2.00 until 3.00. Year 4/5 now visit the garden on Tuesdays from 2.00 until 3.00 and Year 3/4 come on Thursdays from 2.00 until 3.00.

The children need the assistance of volunteers to help them learn new skills and keep safe in the garden. If these new times suit you, or you know of someone in the community who would be interested, please let me know. Unfortunately, our new times do not suit our previous volunteers so we need your help.

NEUTROG DONATION
Stephanie Alexander Kitchen Garden Foundation Sponsors, Neutrog, have again supported schools running the Kitchen Garden Program by donating $100 worth of pelletised chicken manure fertiliser to each school. The fertiliser, Rocket Fuel, has produced excellent results in our garden previously, so we are looking forward to having more to apply to the garden beds. Bags of Rocket Fuel can be purchased at Bunnings. A percentage of each sale goes to the Stephanie Alexander Kitchen Garden Foundation.

THANK YOU
Huge thanks go to Tylan, Paula and Terry Batey for their generous donation to the Kitchen Garden Program last week. The Batey family donated a bale of straw, a bag of chook food and two bags of potting mix. Thank you. These items will be used by the children in gardening.

CAN YOU HELP US?
We are always looking for donations to help us run the garden program successfully at Barooga Public School. We could use the following items:

- Palings from old fences or timber off-cuts for the children to make bird houses and signs.
- Bales of clean straw or Lucerne
- Old animal manure
- Bags of good quality potting mix.
- Bags of chook pellets.
- Car wheel hubcaps. (To turn into flower sculptures)
- Old bike wheels to add to our trellis.
- Small, clean jars for jam making. (We always need lots of these for the jam we sell at the markets).

Crunch on capsicums
This week, why not try fresh capsicum for Crunch&Sip®? Just cut into strips, discarding the stem and seeds, and seal in an air-tight container or bag.

Did you know?
• Red and green varieties come from the same plant, with red capsicums allowed extra time on the plant to develop colour.
• Capsicums are really fruits but are prepared like vegetables.
• Red capsicums have very high levels of vitamin C - 1 serve of capsicum (1 cup) has enough vitamin C to meet the daily needs of nearly 3 people. That’s more vitamin C than oranges!

Don’t forget to pack fruit or veg for Crunch&Sip® every day.

Thank you, Holly Valente, for your generous donation to our library.
